#### Note 1 - Summary of Significant Accounting Policies and Going Concern

#### A. Accounting Practices

The financial statements of ProTucket Insurance Company are presented on the basis of accounting practices prescribed or permitted by the Rhode Island Insurance Department.

The Rhode Island Insurance Department recognizes only statutory accounting practices prescribed or permitted by the State of Rhode Island for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Rhode Island Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the state of Rhode Island. The state has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, 1) goodwill arising from the purchase of a subsidiary, controlled or affiliated entity is written off directly to surplus in the year it originates by Rhode Island domiciled companies. In NAIC SAP, goodwill in amounts not to exceed 10% of an reporting entity's capital and surplus may be capitalized and all amounts of goodwill are amortized to unrealized gains and losses on investments over periods not to exceed 10 years, and, 2) 100% of all fixed assets are admitted by Rhode Island domiciled companies. In NAIC SAP, fixed assets are not admitted. The Commissioner of Insurance has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Rhode Island is shown below:
